## Examination Grievance Redressal Mechanism

The mechanism to deal with examination-related grievances is transparent, time-bound, and efficient. There is complete transparency in the internal assessment as per the guidelines of Savitribai Phule Pune University, Pune.

At the beginning of the semester, respective departments provide guidelines to the students about semester patterns and evaluation criteria. The principal of the college also informs the students in the induction programme about the rules and regulations of a credit system.

### Examination Mechanism

1. A student cannot appear for a semester-end examination unless he/she has maintained 75% attendance during the teaching period of the course.
2. The CBCS system or Choice Based Credit System follows a semester-wise pattern that is an even & odd semester that sums up to an academic year.
3. Instead of percentage-wise grading, the CBCS uses a grading and evaluation system to map the performance of Students.
4. To pass a course the student must obtain minimum marks in internal and external semester examinations separately.
5. The internal assessment examination schedules are prepared as per the University Semester period and communicated to the students.
6. College Examination Committee members keep control over the internal semester examination.
7. Evaluation is done by the course handling faculty members within seven days from the date of examination. The corrected answer scripts are verified randomly by the respective heads of the Departments to ensure a standard evaluation process.
8. The marks obtained by the students are displayed on the Departmental notice board.
9. The students' internal marks are entered on the Savitribai Phule Pune University's Internal Marks Online Entry System. Internal Examiner must use his/her own teacher profile, username, and password for performing duties on this portal.
10. For Technical Queries regarding internal marks, mail is to be sent to Internal Marks Support.
11. If a student misses an internal assessment examination, he/she will have a second chance with the permission of the concerned teacher.
12. It will be the discretion of the teacher concerned to give or not give a second chance to a student to appear for internal assessment.
13. Methods of assessment for internal examination are seminars, viva- -voca, projects, field visits, tutorials, assignments, group discussions etc.
14. For every course, the score for internal assessment and semester-end examination will be added together and then converted into a grade and a grade point average.
15. Results will be declared for each semester and the final grade sheet will give total grades and grade points.
